Magic was useful enough to make her pretty, but beyond transformation runes, Larissa has ignored her mom's pleas to learn about her magical heritage on the grounds that it's just too weird. But when her family is killed, and the powerful book of runes Larissa was supposed to inherit disappears, she realizes she's not going to survive without magic. Worse still, she's falling in love with her only ally, her best friend Joe, who has a secret that could kill them both. Now magic is the only way she can reclaim her heritage and save the boy she loves. Larissa dives into the world of magic she's always ignored and finds herself caught in the middle of an age-old war between Witches and Mages. She may be poorly trained.
