

What Mommy Doesn't Know: awareness and prevention of sexual abuse in children

What Mommy Doesn't Know will enlighten mothers about teenage children who are sexually abusing infants, children and siblings. You will learn how easy it was for them to prey on their victims due to the lack of awareness that was not provided to parents and guardians. This book will also enlighten you on the very lenient sentencing that teenagers receive for sexually abusing a child. This book is very informative for mothers who are raising children and wish to keep them from losing their innocence and hope to keep them from experiencing the same thing the children in this book have experienced. These children may never be the same again.
