

Nine Ladies Dancing

There are nine ladies dancing, but Emily Beaufort doesn't mind being the only one who isn't. At least, not when the pool of eligible bachelors is so utterly wretched. But when she meets the alternately vilified and glorified--and available--host of the house party she's attending, she may change her mind. NOTE: Nine Ladies Dancing is a very short story, less than ten pages in length, and has no erotic content. It is the author's intent to offer this as a free book to give you a taste of the author's voice and, perhaps, a smile. If the book is not free on Amazon, it can be downloaded in Kindle format from Smashwords instead.
