

Seducing the Sergeant: Scifi Shapeshifter Weredog Romance

Sexy, lethal, and their boss. Now all they have to do is convince her she belongs to them... Weredogs, Camden and Rennick, are partners both on and off the battle-field. Hard fighting and hot loving afterwards has created an unbreakable bond between the two men, but when a new combat sergeant is assigned to their unit, it changes everything. Both men want her, they just have to get her on board with that plan. Combat Sergeant Wynter Ferris has spent years proving shes not just another admirals brat. Genetically patched and with a distinguished service record, shes as hard as nails and twice as tough as most of the men she leads. Being assigned to a weredog unit, even though shes human, is proof of commands faith in her abilities. Either that or the ongoing war means capable sergeants are thin on the ground... But when she meets Camden and Rennick, the rules of her world change. Can a soldier with a secret make a relationship with two dogs work? Or will the service and secrets pull them apart?
