

## Black Dawn: Titan, Book 6

Parker Black wants the one woman he shouldn't have - his buddy's girl. She's sweet and smart, but clueless about how deep Parker lives in Titan's virtual world. Everything is controlled. Chaos is mastered with data and risk analysis. That is the way he understands his world, how he plays his role to keep Titan teams alive. But he's wrong. About everything. Lexi Dare lives two lives. She's an unhappy fiancée stuck in a spiraling relationship, unsure how she ended up with a ring on her finger and an abuser in her bed. But she's also elusive. Elite. A master hacker playing deadly stakes. When the lines blur and the truth comes out, Lexi's only shot at survival is the trust of her rival - her equal - before it's too late.
