 BLURB: Mark Bell is being haunted. Ever since his friend, Samantha, drowned in the Treasure Pit, he's been running from her ghost. When his path takes him to a historical site and shipwreck in Texas, he hopes the past will stay where it belongs. However, the more he uncovers, the clearer it becomes that something is not right. Old friends need his help, and he doesn't know if he's the man to get the job done. Samantha O'Rourke is a time traveler trying to survive in the past. Trapped in the social pyramid of the French Court and the secret society her husband, Tristan, defends, she feels more out of place than ever before. Nothing ever stops a treasure hunter for long, though, and she soon finds herself caught up in another mystery, only to have life yanked to a precarious perch, where only the truly strong will survive. Can the future be changed? Or is everything set in stone, destined to follow only one course?
