There is a lot of action so it doesnt get boring, but the most important thing to me was the interaction between the characters. They had such a spark. -Keely \* I love the story line, the characters, the writing. The excitement started from chapter one and didnt end until the last page... -Cant Put It Down Reviews\* The first night I started reading Stained, I was so engrossed in the story that I fell asleep dreaming I was chasing Demons on the streets of Memphis. It is the very rare book that makes it into my dreams. The bantering between Julia and Cayne was endearing, hilarious and at times frustrating, but it was consistently entertaining. Like any relationship, youll want to slap Cayne just as much as youll want to kiss him. It only added to the enjoyment of their adventure and growing relationship. I was on the edge of my seat through most of the book, right up until the end. the last page will have you drooling for more.-Whats Beyond Forks Reviews
