

Cowboy Waltz

Genre: LGBT, Contemporary, Cowboy & Western
A horse stock manager on the rodeo tour, gruff cowboy Jed Hastings is in a bind. He needs a new assistant yesterday. Enter green-as-hell Booker West. Booker spent his childhood dreaming about being a part of the rodeo. He doesn't have any experience working with horses, but Jed doesn't have options, and gives the newbie a chance. Innocent about the world and secretly gay, Booker works like the devil to hide his attraction to Jed. He doesn't just want to be a wannabe-cowboy with a crush; he wants to learn from Jed. Booker craves Jed's respect, friendship, and trust. For Jed, he knows an eager young colt like Booker should work his last nerve, yet he finds he has endless patience with the guy. He's possessive about Booker too. And while bunking together does create intimacy, that doesn't explain away straight Jed's explicit sexual fantasies and growing desire for another man. When a life-altering event sends Jed and Booker reeling, a night of raw passion between the men finally explodes. But in the light of day, can Booker help Jed accept their love? Or will this unearthed attraction send Jed to a dark place from which he can't recover?
