

Kill Daddy (Get a Life Book 1)

Trauma from the past becomes a part of who you are. It weighs down on the present, suffocating life and preventing you from healing and moving on. If you continue to carry this baggage around long enough, you will eventually become who you are not. Believe in the essential goodness of your true self, however, and you will accept the past, but let go of the burden and finally become the real you. This is the story of one mans struggle to accept the past and move on before it destroys everything he is and could ever hope to be. In desperation Gerry flees society to save his sanity and ends up in the remote villages of East Africa. Midst the poverty, he encounters hope and more love than he could imagine. Will it be enough to save him? Can he repair the damage done to him in his childhood or will his abusers win in the end?
