

Put the kids to bed, pour an enormous glass of wine, dim the lights, and prepare yourself for a romance and erotica boxed set that will force you to whisper just one more page until well past your bedtime. This is Aya Fukunishi: The Complete Collection, 2011-2016. Every last one of her THIRTY SIX published novels, novellas and short stories from the last five years, collected together in a single volume for the first - and last - time. Included in this boxed set: **STEPBROTHER FALLEN** Everything is going great for Madison Moriarty. Shes got nice parents, good friends, and shes headed to UCLA at the end of the summer, the first step on an exciting journey towards becoming a world famous author, just like her late father. OK, so she may dress like she survived an explosion at an uptight, buttoned up Marthas Vineyard branch of Tommy Hilfiger, but shes a good girl, damn it, from her boring top-siders to her preppy sweaters right down to her stupid My Little Pony laundry day panties. Rafe Stone... well, Rafe Stone is an asshole, and hes going to fucking jail. Thats what happens when you steal your foster parents Camry and drive it halfway across Colorado, the passenger seat strewn with empty beer cans and a homemade bong. Hes been lucky so far, but this time the judge wont be satisfied with a slap on the wrist... unless Maddys stepfather takes him in. This is what happens when two worlds collide. This is what happens when a nice, polite little princess gets thrown in with the stepbrother she never knew she had, a tattooed thug with a tight t-shirt, torn jeans, a pack of smokes and a bad attitude. This is a story of love, hate and David Fucking Bowie. Youre gonna love it. **THE DOMINATED BY THE BILLIONAIRE SERIES** She had only seen him twice before, but he visited her in her fantasies. Strong, powerful and supremely masculine, he was everything she could possibly want in a man. Every woman on her floor dreamed of being with him. But why would he want her? Of all the women he could choose in New York City she was surely the last. He was rich, handsome and powerful. She was nobody. She was nothing..... Until he noticed her... From the moment Pamela Rose first encounters the dashing, domineering Robert Foster late at night in her Manhattan office to their naughty trans-Atlantic flight toward the seductive streets of Paris, the Dominated by the Billionaire series takes the reader on a wild, alluring journey through a relationship to end all others. **THE WOLVES OF THE FIVE TRIBES SHIFTER ROMANCE SERIES** Adam has waited an eternity for his mate. After three thousand years of searching hes almost lost hope that hell ever find her... almost convinced himself that God has forsaken him. Cassie is miserable. At just 23 the buxom, beautiful werewolf has found herself caught up in her mothers Machiavellian power struggles, forced into an arranged marriage with the cruel, violent alpha of the Ironclaws, Lucius. When the Long Night arrives Cassie will be his property, to do with as he pleases. Imprisoned in Lucius summer home with Megan, a gutter-minded 400 year old teenager, and Rutherford, a senile housekeeper who cant remember where he left his trousers, Cassie has resigned herself to her fate. Shed never dare go against her mother, and to reject Lucius would lead the weak Darkfangs into war against the mighty Ironclaws. Cassie knows she has no choice but to sacrifice her happiness for her tribe..... And then she picks up a scent on the breeze. The First Alpha is a tale of love against all odds; of betrayal, scheming and intrigue, and of two lost souls linked together across time. **ALSO INCLUDED-** Hung-Come - Swim With Me- Stepbrother, Where Art Thou?- Stepbrother Forbidden- The Dictators Concubine series- And much, MUCH more
