

The Beatles Anthology

This extraordinary project has been made possible because Paul McCartney, George Harrison and Ringo Starr have agreed to tell their combined story especially for this book. Together with Yoko Ono Lennon, they have also made available the full transcripts (including all the outtakes) of the television and video series The Beatles Anthology. Through painstaking compilation of sources worldwide, John Lennons words are equally represented in this remarkable volume. Furthermore, The Beatles have opened their personal and management archives specifically for this project, allowing the unprecedented release of photographs which they took along their ride to fame, as well as fascinating documents and memorabilia from their homes and offices. What a book The Beatles Anthology is! Each page is brimming with personal stories and rare vintage images. Snapshots from their family collections take us back to the days when John Lennon, Paul McCartney, George Harrison and Richard Starkey were just boys growing up in Liverpool. They talk in turn about those early years and how they came to join the band that would make them known around the world as John, Paul, George and Ringo. Then, weaving back and forth, they tell the astonishing story of life as The Beatles: the first rough gigs, the phenomenon of their rise to fame, the musical and social change of their heyday, all the way through to their breakup. From the time Ringo tried to take this drum kit home on the bus to their much anticipated audience with Elvis, from the making of the Sgt. Pepper album to their last photo session together at Johns house, The Beatles Anthology is a once-in-a-lifetime collection of The Beatles own memories. Interwoven with these are the recollections of such associates as road manager Neil Aspinall, producer George Martin and spokesman Derek Taylor. And included in the vast array of photographs

are materials from both Apple and EMI, who also opened their archives for this project. This, indeed, is the inside story, providing a wealth of previously unpublished material in both word and image. Created with their full cooperation, The Beatles Anthology is, in effect, The Beatles autobiography. Like their music has been a part of so many of our lives, its warm, frank, funny, poignant and bold. At last, here is The Beatles own story.

The Beatles Anthology e un progetto multimediale sulla storia del gruppo musicale britannico The Beatles, pubblicato tra il 1995 ed il 2000, comprendente unGet this from a library!
