

Blakes Home (The Love Shack Book 1)

Plenty of men have tried to get ranch hand Blake Louis to The Love Shack but none succeed. At the White family ranch, Blake has found friends and a home. He desperately wants to stay. Yet he must keep his shifter secret and avoid his feelings for Jared White. This job has to work out. No one ever wanted him forever--none of his family did--so why would a rich successful rancher want more than a roll in the hay with a dirt poor ranch hand?Screwing the staff is a bad idea but Jared White needs more than sex from Blake. The men are friends but hell risk it for a chance at more. Love has never worked for Jared and a childhood rival delights in sabotaging him. Jared cant give up hope. He believes that Blake is the one.The only smart place to start is The Love Shack, a neutral place where Jared isnt the boss and Blake isnt the hand. Determined to win Blakes heart, Jared delves into Blakes past. As amazing as the sex is, Blake resists sweet promises. Love, trust, and happiness are as crazy to Blake as the bobcat he can shift into.
