This book was put together nicely, it is fun and easy to read. Best way to learn all about Thomas Edison, the famous inventor. - Arnold Harper (Toronto, Canada)

All I knew about Thomas Edison before reading this book was that he created the modern day light bulbs. After reading this this book I found that he did way more than just that. A truly inspirational experience, I recommend this book to everyone who actually care about where things came from. - Carla Richardson (Boise, USA)

I enjoyed this book a lot, it is awesome to learn about Thomas Edisons successful career and all his inventions. All the while feeling inspired as well because this book also tells you about his failures and all the hardships he had to endure. - Orlando Santiago (Modesto, USA)
