If getting the most out of life is important to you, you must read *Life-changing Conversations*! - Eldon Taylor PhD, FAPA, radio personality and New York Times bestselling author of *Choices* and *Illusions* and *Mind Programming* This book explains why effective talk can be truly transformative and provides a practical guide to having the kinds of conversations that will turn your life around. Expert psychologist and coach Sarah Rozenthuler provides the seven keys to success: calling up your courage, focusing on your intention, creating positive space, speaking your truth, having a flexible style, cultivating constructive controversy, and obtaining closure. Throughout the book you will find real-life examples of problem situations, including negotiating with difficult neighbours, asking for a raise and ending a long-term relationship. The author shows through extended sample dialogue how, in each case, a difficult situation was worked through and a positive result achieved. Improving our effectiveness at having good conversations is the single most important way to bring about positive change in our lives.
