

An Unfortunate Adventure: A Pride and Prejudice Variation (Jane Austen Book 2)

This very, very short story tells the tale of Lydia Bennets first meeting with Lady Catherine. It takes place after her elopement, when she is in London, on her way to Gretna Green. This is a mash-up between Evelina and Pride and Prejudice. It was written with the sole purpose to delight the reader and to entice the reader to read this writers novel Georgianas Fall, a mash-up between La Traviata and Pride and Prejudice. Please review and let me know whether you like these mash-ups, because I plan to do more to advertise my poor darling, my baby, my fledgling novel Georgianas Fall. This very short story is best read with Kindle Unlimited.
