

Looking For Trouble (#4, Texas Trouble) (Texas Trouble Series)

Country singer, Jess Sparks, is finally watching her star rise after she sheds her thieving, no-account manager and puts in lots of hard work. At a wedding gig, she notices a good looking cowboy staring her down while she performs. After she finishes her best friend challenges her to give herself a break and talk to him. Jess talks to him, one thing leads to another and she and the cowboy blaze a trail to the bedroom for an uncharacteristic one-night stand. That one-night turns into a lifetime commitment for Jess though when she gets back to Dallas and realizes shes a member of the elite two-percent condom-failure club. Jess is pregnant and because sugar and darlin seemed to work just fine that night she doesnt even know the cowboys name. Jess decides thats for the better because the man was a rodeo rider, a rambler, and she hardly expected him to want to become a father. After a while she decides she doesnt want the complication of having him in her life anyway. Angel was hers, and she could raise her daughter just the way she wanted without interference. But then she gets another wedding gig, and wouldnt you know shed run into him there? Professional rodeo rider, Wade Roberts never expected his career to end with a fall from a wild horse he pulled in his last rodeo, but thats exactly what happened. Luck was on his side though when he found out the manager of the Double B Ranch in Bowie, Texas was retiring, and they hired him as a replacement. Shortly after his arrival at the ranch, the owners decide to hold a wedding there. And wouldnt you know theyd hired the beautiful country singer hed had a fling with a year prior to entertain? Wade thought he and Jess Sparks had parted on good terms, so he couldnt figure out why she was giving him the icy shoulder--until he sees a childs toys in the back of her van and the gorgeous dark-haired baby in the blondes front seat. He knew one thing

right then, he wasn't letting her get away until he found out if that baby was his. If Angel was his, Wade was going to do the right thing and be a father to her, whether Jess Sparks liked it or not. Wade hadn't intended on caring about the mother, but that happens quickly, and when Jess falls prey to some county-music industry vultures he has to figure out how to keep his little family alive. He hadn't gone looking for love or for trouble, but with a one-night stand, it looked like he'd found both. But the question was, could Wade keep that trouble alive long enough to tell her he loved her?
