

Undesirable Mate (Bound and Bonded) (Volume 6)

Phillip struggles to get through every day. Thanks to Pearson, he still has his job as an enforcer and life goes on around him much the same as it always did. But Phillip doesn't feel a part of it. He can't. His betrayal of his pack has left him with scars, both mentally and physically and the voice in his head won't give him any peace. So when he meets his mate, he's not surprised to see the man has someone else tucked under his arm. What else did he expect? Kellen Waite is a troubleshooter for the Council. He loves his job, he has a couple of close friends, and he takes his sex where he can find it. Sent to the Washington Pack to take out a vampire, he makes the mistake of bringing along his sometime companion, Tristan. He realizes that was his first mistake when he scents his mate in Alpha Pearson's office. Issues caused from within the Paranormal Council is just one of the problems Kellen and Phillip have to face. A vengeful ferret, lies and misunderstandings, not to mention Phillip's depression all conspire to prevent the one thing Kellen is determined to have - his mate in his arms. Warning: Phillip has symptoms of depression. If this is a trigger for you, please don't buy this book. Also contains a sneaky ferret shifter, a mad councilman and an often clueless Alpha. HEA, no cheating and no cliffhangers, guaranteed. Written for adult audiences. Contains graphic scenes of intimate situations between men.
