

MONEY IS THE MOTIVE

Money is the Motive This is a give or take world. You gotta throw a lil something out there for it to come back. From Memphis to Atlanta, Kema goes from country to lavish living. Shes grimy and down right gritty, born with no filter. Every since the age of fifteen, she has held her own. Everyday of her life is a drama filled episode. Dimples is a beautiful down to earth girl thats trying to live comfortable. Stripping is getting is getting old to her but thats all she knows. Now that her baby daddy is out of jail things are looking up so she thinks. Shy and passive Tiana wants nothing more than to keep her grades up and finish school. Things take a drastic turn when she finds out that the person that she thought that she knew was her worst enemy.
