A confession of love could turn into a confession of murder... When food truck owner Maeve Kinkaid is asked to be in her friend Gina's wedding, she expects to come in taffeta, not in her truck...but she winds up catering the event with the help of her Basque boyfriend, Land Mendoza. One of the guests dies with a hot dog in his pocket and Maeve has to solve the crime before the police try to link the unsavory murder to her catering firm.
