

Rescue the Captors 2: Faith Can Move Mountains

Can two arch-enemies reconcile? One man found they can if someone will demonstrate grace, mercy, and faith.

Rescue the Captors II follows on the heels of Russell's first book, *Rescue the Captors I* which was written to his captors while they held him hostage for five months in the jungle of Colombia. Who feels like showing love to angry guerrillas holding him hostage, threatening his life, and demanding magnificent sums of money? Russell did just that as God showed him that he was actually no better than those thugs. He needed to offer them the same Hope Christ would have. Showing love during a hostile hostage situation threw open doors of ministry to rebel Colombian guerrillas and paramilitary. Russell's missionary work persuaded these opposing forces to reconcile their differences, forgive one another, and resolve to let past differences go - resulting in one group even providing material relief to their long-time enemies!

Features: The movie *La Montana (The Mountain)* is based on this true story. Great Christian book for adults and teens. Demonstrates how to exercise faith. Learn about impossible conflict resolution. About the Author Russell Stendal, a former hostage of Colombian rebels, is a lifelong missionary to that same group in the jungles of Colombia. He is an influential friend to military and government leaders in Colombia, Cuba, Mexico, Venezuela, and the United States. Russell's ministry shares the gospel via twelve radio stations, hundreds of thousands of Bibles, books, and movies distributed through airplane parachute drops, and numerous speaking engagements for groups of leaders, prisoners, and individuals. Russell goes wherever the Lord leads, whether it's to speak with a president or to go deep into the jungle to help an individual in trouble. He has witnessed thousands commit their lives to Christ.
