Sarah Collins set her sights for California and a new beginning, but never imagines a war party's attack on the wagon train she joins. A sole survivor, Sarah must find her way back to civilization, and a man of half-blood happens along at just the right time and becomes her hero...or is the whole scenario only a dream driven by all the romance novels she reads as an editor? Sarah wakes, her cheeks damp with tears. Like a dust devil in a dying windstorm, all traces of her handsome rescuer vanish with a farewell kiss and the annoying blast of an alarm clock...until he appears at her door as a new neighbor. Will Sarah find a way to win the love she tried so hard to capture in her dream without being declared insane, or will the sexy woman living an apartment away beat Sarah at her own game?
