

Shifting Lines

Luke Green has his life in order. He has his routine, his women, and his bar. Everything is set up the way he prefers it, and he likes it that way. Until She Walks In Riley Scott has recently found her independence and is ready to live the life that's been restricted from her. She's focused on her final semester of college, her soon-to-be career, and her time with her best friend. Until He Is In Front Of Her What will happen when the lines they both have drawn begin to shift?
