

The Big Book of Bad Baptist Preachers: 100 Cases of Sex Abuse of Children and Exploitation of the Innocent

A Catalog of Child Molesters and Pedophiles in Baptist Churches. The Big Book of Bad Baptist Preachers is evidence of the epidemic of child molesting in conservative Baptist churches. Its a catalog of 100 cases of preachers and churches involved in these sad and horrific cases. In none of these cases was the child molester rebuked, defrocked, or excommunicated. Each case gets a 1-3 page synopsis of events, including criminal charges, investigation findings, plea agreements, sentencing, church response. Each case includes a short table that synthesizes the bare facts. Read about the church spokesman whose first concern after the pastor was arrested for child molesting was the churchs attendance levels. Read about church after church that rallied around the perpetrator, even after the criminal case was proved, rather than the child victim. Read about the church whose pastor allowed the congregation to drive the victim to suicide. Read about the pastor who put a 15 year old rape victim before the church for church discipline as an adulteress. From the pastor who tied up little boys in the basement and photographed them, to the pastor whose deacons allowed him to prey on children for twenty years, this book proves that child molesting is part and parcel of conservative Baptist church culture. Its undeniable.
