Shut Out (The Black Jack Gentlemen Book 3) The Black Jack Gentlemen Series - Detroit's Soccer Team A city and a sport with something to prove Meet the men who take that challenge. ~ ~ Shut Out ~ ~ A submissive once, a submissive forever? A man on the run from the only life he's ever known, Brody Vaughn is poised to accept the Black Jack Gentlemen's newly vacant goalkeeper's position. It's a desperate move, but one he must take to regain his emotional equilibrium. Reeling from his Mistress's rejection and on the ragged edge of a total breakdown, he arrives in Detroit. Numb with thinly veiled grief, he walks into the club's front office completely unaware that an encounter with true destiny awaits him. Sophie Harrison has seen it all--as Domme, sub, and victim. Now that her complicated circumstances have landed her as legal counsel for the expansion Black Jacks team, she holds herself aloof in body and spirit. Nothing and no one gets past her fiercely guarded walls. Until the day she looks up to greet the new goalie standing in her doorway, his raw combination of vulnerability and strength makes her breathless. Two people, horribly scarred by the excesses of the BDSM lifestyle and hiding from their true selves, meet across a desk over a simple contract. All bets are off.
