But with her brother's imminent deployment Bellamy knows she's bound to see him. Luke Carter made the mistake of crossing a line he never should've crossed six years ago... He knows he's the reason why Bellamy avoids home, and with her coming back home he's hoping to make things right. He just wasn't expecting her to look so damn beautiful. However, there's one more problem, Bellamy's been keeping a secret from Luke for past six years. When passion builds between them she knows that she must tell Luke the truth, but will it bring them closer together? Or will it drive them apart for good?
