

Incubation: Finding Peace 2

David McCourt has suffered so much pain in his life that he has lost the ability to process emotions in any reliable way. After surviving a brutal attack and mutilation at the hands of hateful fellow students, Davids friends and the enigmatic Dr. Ito fight to save him, trying to salvage whats left of David by offering him a safe home and their unwavering support. But hate doesnt dissipate overnight and all the love and support in the world, from Davids friends and the desperately confused but devoted cowboy, Jackson, cant keep the world or Davids past at bay. With every setback, every new bit of violence offered, David blames himself, certain that he is the cause of all the strife around him. When Davids past shambles come back into his life, all bets are off, and it may take more than even Dr. Ito can scheme up to save them all. NOTE: There are references to rape, and some graphic violence, in the story.

Heres more on this important part of the creative process, and why each writer needs to find peace with his or her own quirky way of incubating.
