

# STOP the Dragon of Fear: Quick Cues by Dr. Bob Peddicord

Fear is like a dragon. Fear increases the pain of medical-dental procedures, perpetuates panic attacks and can keep us a captive in the Cave of Avoidance. Young children can become prisoners of fear, and parents-grandparents can use the Quick Cues to help children they care for. These Quick Cues provide specific steps for stopping the Dragon of Fear, so you can think of your plan to overcome fear. These rapid reminders for fighting fear are designed primarily for smartphones, but they can also be viewed on tablets or computers.
