

Lady Concealed (Tenacious Trents Novel) (Volume 8)

All Genvieve Mirabelle wanted was her mothers belongings and a place for herself, out from under the watchful eyes of her step-brothers. The Trent Brothers, specifically. Since coming into her life they have had very definite plans for her future, despite her objections. There is only one thing keeping her from seeking her freedom: her mothers missing shipment. Once found, she can live as she wishes, without a gentleman telling her what to do. Mr. Jonathan Bridges owns one of the finest shipping lines in London. That is, he did until his secretary and a few employees disappeared, leaving a muddle of things. Now several crates are missing and he has no explanation for the owners. The one most persistent in demanding answers is Miss Genvieve Mirabelle. As much as he tries to put her off, she is determined to help him. Heaven save him from meddling females who are better served sitting at home having tea. Their search leads them from the docks and right into the heart of a smuggling ring. But their lives are not the only thing in danger. Their hearts hang in the balance, since neither one ever anticipated what was to come.
