

Sleeping Beauty and the Lion: A Shifter Fairy Tale Retelling of Sleeping Beauty (A BBW Shifter Fairy Tale Retelling Book 3)

A steamy retelling of Sleeping Beauty featuring one very over-protective werelion and his BBW mate! All her life curvy Rose Briar has felt invisible to men. Then Daniel Ward, a doctor who looks more like a Viking prince, saves her from a coma. But guys like him don't date guys like her. As the last of the werelions, Daniel Ward has a protective streak a mile wide for his curvy, easily flustered mate. He'll let nothing harm her not even the shadowy organization that once held him captive. But as darkness closes in, he's faced with a devastating question: What if the only way to save his mate is to give her up forever?
