

I & Thou

Many prominent writers have acknowledged the influence of I and Thou on their work; students of intellectual history consider it a landmark; and the generation born after World War II considers Buber one of its prophets. Bubers main proposition is that we may address existence in two ways: (1) that of the I toward an It or (2) that of the I toward Thou. One of the major themes of the book is that human life finds meaning in relationships. All of our relationships, Buber contends, bring us ultimately into relationship with God, the Eternal Thou.

Editorial Reviews. Review. I and Thou, Martin Bubers classic philosophical work, is among the 20th centurys foundational documents of religious History of Buber Martin Buber (1878-1965) ??* Translators Introduction to I and Thou I-It Exists as a subject of experience and use.
