

A Highlander, time-travel, erotic romance, short story (about 40 pages). LOVE IN A BOX, is the third story in The Highland Jewel Series. Colin MacDuff has grown up learning the ways of Highland warriors from his father Donell--but he never believed his parents fanciful stories of time travel, true love and a brooch known as the Highland Jewel. Until...he lands on his butt, literally, in the year 1648. Before him is the most beautiful, not to mention sexy as hell, woman he's ever seen. The only thing is, she refuses to be his, or to believe in the power of the brooch. Sera wishes she'd been able to escape the Highlands like her sister did, and vows she won't marry for anything less than love, and refuses to be a pawn in a marriage deal. Until...Colin shows her what she's missing. He takes her body to the heights of heaven and back, all while proving to her that true love is possible. Now everything and everyone, depends on the future of these two lovers. Will Colin stay in the past to save the future, and will Sera succumb to passion and love?
