

The Rescue (Annotated): A Romance of the Shallows

The Rescue, A Romance of the Shallows (1920) is one of Joseph Conrad's works contained in The Lingard Trilogy, a group of novels based on Conrad's experience as mate on the steamer Vidar. Although it was the last of the three novels to be published, after *Almayers Folly* (1895) and *An Outcast of the Islands* (1896), the events related in the novel precede those. The story follows Captain Tom Lingard, the recurring protagonist of The Lingard Trilogy, who was on his way to help a native friend regain his land when he falls in love with a married woman whose yacht he saves from foundering.
