

The Russians Alibi 4: A Dark BDSM Romance

She gave in to dark temptation with a stranger, but now she can't escape him and isn't sure she wants to. It was only supposed to be one night of submission and fantasy in a sex club. The kind of thing Geena used to do before medical school. She hoped that letting the rough and untamed Dimitri Volkov do filthy things to her in a public place would take the edge off her insatiable attraction to him. But when violence erupts in the club and Geena is called upon to care for the wounded, she swears she is done with the Russian mobster who could ruin her career, if not get her killed. Before she can end things, however, Geena's own dark past comes back to haunt her and the sexy alpha Dimitri is the only one who can protect her. Will Geena be saved by the demanding Russian Dom who makes her crave submission, or will his world of organized crime consume her future?
