

Bitter Oath: Time Travel Romance (New Atlantis Time Travel Romance Book 5)

A Native American and a Blue Stocking Regency Miss...Separated by 500 years and her historically recorded death Livianna Mulgrave never planned to marry, preferring the freedom of spinsterhood and the passions of the mind. But when she meets Rene York, a handsome and mysterious stranger with a fascination for her grandfathers discoveries, she is open to exploring passions of a more sensual kind. Seeking to understand the mystery that surrounds him, Liv follows Rene into an incomprehensible future world where she discovers everything is possible, except avoiding her fate. For Rene York, a French Canadian ecologist before the Last Great Plague, 800 years was not nearly enough time to research his Ojibwe ancestors and collect data on all the planet had lost. A legend leads him to Regency England, where he meets the blue stocking granddaughter of a famous Naturalist and falls in love for the first time in his very long life. But history records Livianna dying in a riding accident four months after he meets her. And the past cannot be changed. Can it? . ???Sensual Romantic Time Travel Adventure...
