

Bad luck has plagued Leah McCarran most of her life, until the tide turns and she lands her new dream job as a therapist at Heart Fire Ranch. But when her car breaks down and she finds herself stranded, the playboy who shows up to her rescue makes Leah wonder if her luck just went from bad to worse. Gage Granger has risen above the circumstances of his youth, enough that people now believe he has the Midas touch, especially in business. But when one mistake suddenly threatens everything he's built, he takes some time to visit family near Heart Fire and figure a way out of the mess. The last thing he expects to find is a feisty therapist who needs his help, even if she won't admit it. Leah learned a long time ago that other people will always let her down. She doesn't want that kind of hurt again, but Gage isn't giving up. And finding out he's staying next door isn't going to make it any easier to avoid the kind man who is set on changing her heart.
