

Wild for You (Made in Montana)

Shes driving him wild! Aspiring director Erin Murphy has sunk everything (including her food budget) into an independent Western movie. And she has the perfect location for the final scene if she can get stubborn rancher Spencer Hunt to agree. With her future in the balance, Erin cant afford to screw this up. Even if it means she has to play dirty. The moment he sees Erins long legs and red heels, Spencer knows hes in deep, deep trouble. Suddenly, his hard-won solitude is shattered by this fiercely determined woman, and damned if he can resist. But hell never let the film crew invade his land. Until longing turns into lust and he realizes Erin may be more than just a sexy diversion.
